

Jeffrey E. Pisarcik, of Sykesville, is a candidate for re-election as your Jefferson County Commissioner. I am seeking the Democratic nomination to a four-year term in the May Primary Election. Jeff is married to Tammy, and proud father of two children, Jessica from Ohio and Kyle of Sykesville and the son of the late Dennis and Donna Pisarcik of Brockway.

I have worked as a full time Commissioner as I promised when elected. Currently serving on the County Commissioner Association of Pennsylvania County Governance Committee and Marcellus Shale Committee, Past President of the Northwest County Commissioner Association which serves 19 counties in Pennsylvania. I am very active at the county level serving on County Library Board, Route 119 Committee, Emergency Management, Jefferson County 911, County Bridges, Jefferson County Local Emergency Preparedness Committee, Past Chairman of Clearfield/Jefferson County Heroin Task Force, and Jefferson County Tourism Committee, Jefferson County Marcellus Task Committee. Serve as Executive board Chairman and Audit Committee for North Central and very proud of the changes and progress made at North Central.

Jeff was appointed in 2016, by Governor Wolf to sit on the Pennsylvania Municipal Retirement Board.

I continue actively serving in the community as Past President Sykesville Lions, Fourth Degree Knights of Columbus # 956 Brockway, Reynoldsville #935 Knights of Columbus, Sykesville Legion as a Son of the Legion, trustee of the Sykesville Eagles, Sykesville Area Fireman, Assumption Blessed Virgin Mary, in Sykesville, Brockway Sportsmen Club, Brockway SOI, life member of Brockway VFW.

I ask for your continued support in the upcoming election, so together we can continue to move Jefferson County forward. The support from the citizens and every employee and Row Officer working for the County since elected has enabled the Commissioners to eliminate the 2.5 million dollar deficit the County faced. We need to continue to work hard to control spending and work with State and Federal Legislators on the unfunded mandates placed on the Counties. I am proud of the construction and rehabilitation of the county buildings and the upgrades to our Emergency Service Center so we can better secure the public safety and working with the Local Chamber and Development Agencies.

Jeff has worked hard to organize Town Hall meeting thru out the County to make our Citizens aware of the Drug problems and help those addicted to drugs so we together can help make a healthier County and take advantage of the Jobs that are currently in need of employees. Jeff also works with Employers to help with their needs and future Business looking to locate to Jefferson County

I thank you for your support since being elected and ask for your continued support in this year's elections.
